

Responsible Disclosure

At Executive-People, we consider the security of our systems a top priority. But no matter how much effort we put into system security, there can still be vulnerabilities present. If you discover a vulnerability, we would like to know about it so we can take steps to address it as quickly as possible. We would like to ask you to help us better protect our clients and our systems.

Please do the following:

- E-mail your findings to info@executive-people.nl.
- Do not take advantage of the vulnerability or problem you have discovered, for example by downloading more data than necessary to demonstrate the vulnerability or deleting or modifying other people's data,
- Do not reveal the problem to others until it has been resolved,
- Do not use attacks on physical security, social engineering, distributed denial of service, spam or applications of third parties, and
- Do provide sufficient information to reproduce the problem, so we will be able to resolve it as quickly as possible. Usually, the IP address or the URL of the affected system and a description of the vulnerability will be sufficient, but complex vulnerabilities may require further explanation.

What we promise:

- We will respond to your report within 3-5 business days with our evaluation of the report and an expected resolution date,
- If you have followed the instructions above, we will not take any legal action against you in regard to the report,
- We will handle your report with strict confidentiality, and not pass on your personal details to third parties without your permission,
- We will keep you informed of the progress towards resolving the problem,
- As a token of our gratitude for your assistance, there is a possibility that we will offer you compensation depending on the severity of the vulnerability and the quality of reporting a security issue that not yet known to us. Keep in mind that it is possible that the problem that you bring to our attention may have been reported by someone else. In that case, we consider the first to be the reporter of the problem. If we think that compensation is fair we can only offer Amazon gift cards.
- We strive to resolve all problems as quickly as possible, and we would like to play an active role in the ultimate publication on the problem after it is resolved.
- Executive-People has chosen to refrain from offering public recognition in the form of either written or verbal praise of any kind.
